Why do SCAPL THERAPY?

The scalp is the highest point of skin in the body. It has unique characteristics including high density of hair follicles and sebaceous glands.

Proper care, including hygiene, and specialized treatments like scalp therapy, can contribute to maintaining a healthy scalp and overall well being.

ILASH STUDIO

ABOUT OUR TREATMENTS

PRESSURE RELIEF

Our scalp therapy aims to alleviate stress and enhance sleep quality. This treatment includes deep cleansing and expert massage techniques to relax tense head muscles and boost microcirculation. It helps address sleep problems like insomnia, excessive dreaming, and frequent waking, promoting deeper sleep.

Additionally, it benefits those suffering from hair loss, migraines, dizziness, swelling, nervous breakdowns, poor memory, anxiety, and temper tantrums.

Suitable for most individuals, we highly recommend regular sessions to maintain healthy hair and scalp. Each session utilizes advanced equipment and premium essential oils for optimal results.

SCALP NOURISHMENT

Revitalize your scalp with our exfoliating and hydrating treatment. Ideal for individuals with scalp damage from chemical treatments, coloring, and perms. It is also recommended for those with sensitive, dry, itchy scalps, scalp wrinkles, or other issues.

This nourishing treatment deeply hydrates the scalp, balances oil and moisture levels, and repairs damage. Following a soothing scalp massage, our signature treatments and thorough cleaning ensure a refreshed scalp.

Our service includes the use of advanced equipment and high-quality essential oils to achieve the best results.

ILASH STUDIO

ABOUT OUR TREATMENTS

DEEP CLEAN

Our deep cleanse treatment targets clogged hair follicles, combats harmful microorganisms, and promotes a healthy scalp environment. Recommended for individuals with oily, itchy scalps, flakes, or blocked hair follicles.

Specialized treatments address scalp and follicle inflammation caused by microbial imbalances. Effective hair care starts with scalp care, and scalp care begins with maintaining healthy hair follicles. We employ professional equipment and top-quality essential oils to maximize the treatment's effectiveness.

SCALP ANTI-AGING

One of our most sought-after treatments, the scalp anti-aging therapy rejuvenates aging scalps and is recommended for anyone over 25. It relieves scalp and head tension, reduces hair loss and gray hairs, prevents excessive dandruff and cuticle growth, clears blocked hair follicles, reduces inflammation, alleviates scalp itchiness, minimizes oiliness, and improves overly sensitive scalps.

Research shows the scalp ages faster than the face and other body parts, with every 2.54 cm of scalp sagging adding 5.7 years to one's visual age. This treatment enhances overall skin health and is recommended regularly for maintaining a healthy scalp and hair. Our service incorporates advanced equipment and high-quality essential oils to ensure superior outcomes.
